

Liquid Nickel Bromide

Palm International's Liquid Nickel Bromide is specially produced for use in the surface finishing, catalyst and industrial markets. LNB is the purest form available commercially. It is manufactured to demanding specifications from carefully selected raw materials. LNB is subjected to stringent quality control standards and testing.

Store and handle as a nickel solution in a cool ventilated area away from foodstuffs. Keep container tightly closed.

Concentration

57.5 - 62.5 g/l nickel

Appearance

Green Clear Liquid

Contaminants

Measured in ppm

Analysis:

Parameter	Specification
Copper	< 5 ppm
Iron	< 10 ppm
Lead	< 3 ppm
Zinc	< 5 ppm
Insolubles	ND
Specific Gravity	1.190 - 1.210 SG

Shelf Life

If stored at a temperature above 30°F in its original container, this product has a 2 year shelf life.

Packaging

5 gallon pails or 55 gallon drums.

Storage/Safety

Store and handle as a liquid nickel containing product.
